

KETKO capriTM

Electric Online Water Heater (tankless)

CW-TF/TF MPSB

1 Phase -230 Volts -5.5 / 7.0 / 9.0kW

SINCE 1941
KETKOTM
Engineered to perfection

M
Mains ON indicator

PSB
Power Safety Buzzer

The KETKO capri range is a 'must have' for today's jetset generation who want to enjoy modern day bathing experiences in their lifestyle bathrooms.

Advantages over a traditional storage water heater

1. Eliminates need for turning off the Electric DP switch.
2. Hot Water Instantly on turning On the tap.
3. Continuous Flow of Hot Water at the Set Temperature.
4. Consumes Power only as long as the Tap is On, else Saves Power.
5. Efficient Heating for High Flow Large Showers.

1 Phase -230 Volts
5.5 / 7.0 / 9.0 kW

KETKO Capri Electric Online Water Heater

are fitted with a unique advanced heat exchanger that ensures continuous hot water supply in an innovative way.

Unique Features

Online Heat Exchanger Technology: The heating element and water pipe are molded together for quick transfer of heat from element to the water without contact. This ensures quick heating, long life and safety

Microprocessor Control: System adjusts heating power output to maintain the set temperature even when the water flow rate is altered.

Large Pressure Range: Enjoy a better shower as it works under high pressure conditions.

ABS Plastic Outer Body: Compact. Corrosion free. Shock proof

6 Bar Pressure: High working pressure

M : Mains ON Indicator

PSB : Power Safety Buzzer

Temperature Selection: Knob

Flosensor Technology: Avoids dry heating as it senses the water flow and switches ON the heating element and switches OFF when there is no water flow.

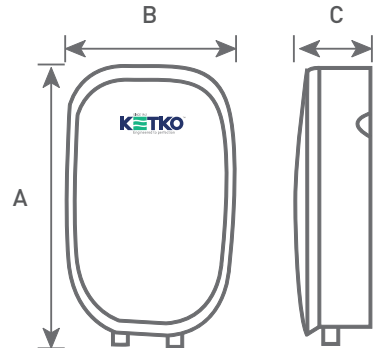

Overheat Protection: Super safe as it prevents the heat exchanger from over heating (i.e. more than 90°C)

Leakage Current Protection: If the unit detects electricity leakage, the electricity will be cut off leakage protector

Product Specification

Model	CW-TF 55	CW-TF 70	CW-TF 90
Rated Power (kWatt)	5.5 kW	7.0kW	9.0kW
Circuit Breaker	32 amps	40 amps	63 amps
Wiring Size	4mm ²	4mm ²	6mm ²
Rated Voltage	220V-240V 50Hz,AC		
Rated Pressure	0.02- 0.6Mpa		
Dimensions (mm)	338(A)x 211(B)x72(C)		
Safety Class	IP25
